HANDSOME GIFT TO CATHEDRAL

Magnificent Memorial Windows Presented by Mrs. Judge.

COST MAY REACH \$20.000

WINDOWS WILL BE IMPORTED FROM EUROPE.

Another magnificent donation has come to Rt. Rev. Bishop Scanlan for the new St. Mary's cathedral, in the form of two beautiful memorial windows, the gift of Mrs. Mary Judge. These windows will be 20x34 feet in size, one of them located in each of the transepts on the east and west sides of the cathedral. It is thought the cost will be from \$10,000 to \$20,000, depending upon the character of the windows. The dimensions are some-thing unusual, even for large cathe-drals, and these windows, especially

drals, and these windows, especially the one on the west, will appear to splendid advantage.

As to the exact amount of money to be expended by Mrs. Judge on these memorial windows, no one except the donor herself has any definite idea, but it is safe to predict that they will not cost less than \$5,000 each and the cost may reach \$10,000 each. They will be imported from abroad, and as Mrs. Judge is quite a traveler and will spend the coming winter in the south of Europe, she will have the very best of opportunities for selecting just what suits her. The understanding is that suits her. The understanding is that the windows are to be memorials for Ars. Judge's husband and other rela-

it. conferring this splendid gift, Mrs. Judge takes her place in the front rank of the friends of St. Mary's cathedral. It will be remembered that she was one of the first to step ... the front two years ago with a splendid cash donation for the building of the cathedral. Her gift then was \$10,000. By her second pift she confers a lasting favor, not only on her church, but on her second wift she confers a lesting favor, not only on her church, but on the ertire community as well; a view of these beautiful colored windows will be a rare treat to all, especially all lovers of art. All who know Mrs. Judge will be assured that the windows will be in perfect keeping with the grandeur of the cathedral.

The work of building is going forward slowly, but already enough of the work is done so give an idea of the splendid proportions of the building as

splendid proportions of the building as it will appear when completed. Work has been retarded for the lack of material of various kinds, but it is the present intention of Bishop Scanlan to acep working away all through the winter so long as the weather will permit. In this he is looking after the interests of the workingmen as well as of his church.

CITY WATER PROBLEMS

Disputes Over Ice Pond Supply and Appropriation of Surplus Flow.

Following the advice of the mayor and the city attorney, Land and Water Commissioner Westerfield yesterday cut off practically all of the flow of Parley's canyon water, which, by de-cree of court, must go to the ponds of the Sawyer Ice company to the amount of two-thirds of the stream from Nov. 15 to March 1 of each season for ice making purposes, and in consequence of the commissioner's action it is prob-able that the court will be appeale to more definitely determine the prope-

THROWN FROM BUGGY.-Charles Y. THROWN FROM BUGGY.—Charles Y., Taggert, an aged blind man, was thrown from his buggy while out riding with his son yesterday, and was badly shaken up, although not seriously injured. The accident was caused by the stumbling of the horse. Both father and son were thrown to the ground, but fell in such a way that neither was badly hurt. ither was badly hurt.

BANK CLEARINGS.-The Salt Lake BANK CLEARINGS.—The Sait Lake and clearings reached the splendid total f \$1,058,348.20, compared with the unusual-r large figure of \$857,961.10 for the corresponding day of last year. The large acrease compared with the close of last reek is accounted for by the large mount of taxes being paid, and by many f the regular fall settlements in the line f merchandise.

DEPARTURE OF TROOPS.—Active preparations are being made for company L of the "wenty-third infantry to leave Fort Dougla: for Atlanta Friday. Yesterday the work of turning over post property held by the company comenced. Pay day will come Thursday, when the soldiers will settle all their accounts with comrades in arms and civillan creditors in the city and make final preparations for their departure.

MEETING OF MINISTERS—At the regular meeting of the Ministerial Alliance in the Y. M. C. A. parlors yesterday morning an interesting paper on the "Life of Alfred the Great" was read by Dr. Clarence T. Brown. The paper met with the warm approval of the ministers and considerable time was devoted to the discussion of points brought out in the article. The ministers then spent some time in a general discussion of the work of the different churches for the winter.

ELECTRICAL PHENOMENON.—L. H. Murdoch, the director of the local weather office, was in Sanpete county last week on business connected with his office and brings back an account of the electrical displays in that part of the state during the recent earthquake that will be of deep interest to scientific men. The electrical displays during the time of the earthquake shocks were on the ridges of the mountains in Piute and Sevier counties. The sheets of fire were seen by many people and seemed to shoot up

CITY COURT QUARTERS.—In company with Mayor Thompson and Councilmen Hewlett and Whittemore, Judge-elect Tanner yesterday selected the quarters to be occupied by the civil division of the municipal court. The quarters selected are the two north rooms in the northeast section of the fourth floor of the city and county building. Until the new police station and jail with court room attached are built, the criminal division, presided over by Justice Diehl, will occupy the old quarters at the police station. No selection of additional room for the city recorder, who will be ex-officio clerk of the new courts, was made, but it is thought probable that he will be assigned to the rooms across the hall formerly occupied by the city attorney. The city members on control of the building have refused to let Judge Hail move his equity branch of the district court to the hall used by the representative house of the legislature, for in the judgment of the mayor and his colleagues the city is under obligations to provide suitable quarters for the legislature.
